

INSTITUTIONAL DISTINCTIVENESS

The path travelled by great people is the right path is the motto inscribed in the logo of the college. The vision of the college is to provide its students a nurturing environment to the acquisition of knowledge and outlook that would enable them to tread the path trodden by great people. The mission of the college is (i) To provide access to higher education to youth, especially of socially and financially backward categories, in the rural-agrarian environs of the college and motivate them to chase ambitious career goals. (ii) To provide wholesome education in various disciplines (iii) To train the students to approach knowledge with a spirit of enquiry and questioning, rather than a limited aim of memorizing and rote-learning (iv) To impart value based education to the students and make them self-motivated and socially and politically conscious individuals who would be an asset to society and the nation. College also helps the students to keep abreast of the modern age of science and technology by molding them as competent and committed citizens. Students are given an opportunity to engage in a wide variety of activities, both Curricular and Extra Curricular activities. A Large number of clubs functioning in the campus help the students to develop various skills and bring out their hidden talents. Many of the students are economically backward and First generation learners. They are given career and placement counselling. On Campus and off campus placement programmes have been conducted to provide a platform for their employment. Entrepreneurship development programmes have been conducted to empower them through self-employment. Since majority of the students are girls, they were given training on self-defense to build confidence, overcome their fears and face adverse situations boldly.
