GOVERNMENT COLLEGE CHITTUR, PALAKKAD - 678104

Entry into Service Cell:-

Entry into Service Cell offers training to students who belongs to SC/ST/OBC and other Minority communities to gain capabilities to get employment in various state and central government services and in private sector jobs. The basic objective of this cell is to prepare students for competitive examinations conducted by UPSC, KPSC, Banking recruitment board, private sector etc.

Co-ordinator : Dr. Nishad K. M.

Activities during 2022-23 Academic Year

- 1. NET Orientation Class**
- 2. Online Coaching Classes for Competitive Examinations**
- 3. Science Career Opportunity Orientation Class**

Detailed description of the activities are given below

1. NET Orientation Class

A NET Orientation class was conducted on 02-09-2023 for Post Graduate students of Tamil, Economics, Music, Geography and Philosophy. The class was held in Mahathma Gandhi Auditorium from 10:00 am to 3:00 pm.

Objectives:

The primary objective of the class was to provide a comprehensive understanding of the exam syllabus and to help students prepare effectively for the exam.

Programme Overview:

Orientation programme was co-ordinated by Dr. Nishad K. M; Co-ordinator of Entry into Service Cell, in association with IQAC. The session was inaugurated by Principal Dr. Anuradha V. K. The instructor Dr. Ummer V.M; Assistant Professor in Arabic, SNGS College Pattambi provided the students with an overview of the NET exam pattern, eligibility criteria, marking scheme, and time duration. The instructor then went on to discuss the exam syllabus and

provided students with essential tips and tricks to crack the exam. The session also included a discussion of the topics and subjects that students should focus on while preparing for the exam.

The session ended with a final Q&A round where students could clarify their doubts related to the exam. Model test was conducted and the papers were evaluated.

Outcome of the Programme:-

The NET coaching class was a comprehensive and informative session for students preparing for the exam. The class provided students with a clear understanding of the exam syllabus and the essential topics and areas to focus on during their exam preparation. Overall, the session was well-received by the students and was a success.

The brochure is a rectangular flyer with a blue and yellow color scheme. At the top, it features the text 'Entry into Service Cell & IQAC' and 'Government College Chittur, Palakkad' in white on a dark blue background, with the college's crest on the right. Below this, it says 'Invite you to' in blue. The main title 'UGC - NET ORIENTATION' is in large yellow letters on a dark blue background. Underneath, it lists 'UGC NET Paper 1 - Coaching', 'Date & Time : Thursday, 09-02-2023, 10. 00 AM', and 'Venue : Auditorium'. The central part of the brochure is divided into three columns. The left column features a portrait of Dr. Ummer V. M., an Assistant Professor at SNGS College, Pattambi, under the heading 'RESOURCE PERSON'. The middle column has a circular image of books and is flanked by the heading 'INAUGURATION' on the right, which lists Dr. Anuradha V. K., Principal of Govt. College Chittur, and a contact number '8921729174'. The bottom row lists three roles: 'IQAC CO-ORDINATOR' (Sri. Vijaya Krishnan M. V.), 'CO-ORDINATOR' (Dr. Nishad K. M.), and 'PRINCIPAL' (Dr. Anuradha V. K.).

2. Online Coaching Classes for Competitive Examinations

In association with KAS Mentor, Entry into Service Cell arranged free online classes for final year post graduate and graduate students. More than 100 students participated and they were provided with free study materials and video tutorials. The course content included English, Mathematics, General Knowledge, Malayalam, History, Economics, Geography, Indian Constitution and Mental Ability.

Objectives:-

Primary objective is to prepare the students for competitive exams conducted by UPSC, KPSC, Private bodies etc.

Programme Overview:-

The coaching started on 20-11-2022. 24 Classes were conducted during weekends through online mode. The classes were handled by resource persons including former DGP Sri. A. Hemachandran IPS, Sri. Athul Surendran, (2019, CAPF All India Rank 204) etc.

Mock test was conducted to help individuals prepare for a competitive exams like Kerala PSC. Through Mock tests students were able to simulate the format, content, and difficulty level of the actual exam, allowing individuals to assess their knowledge and skills and identify areas where they may need further study or practice. More than 20 students attended the model test paper. Prizes were distributed for students who secured first, second and third places.

Outcome of the Programme:-

The course prepares the students to meet the challenges of the modern competitive society. It makes them more confident to face competitive exams and interviews, group discussions etc. Mock test helps students to review the areas that need improvement and time management.

3. Science Career Opportunity Orientation Class

The field of science offers a vast range of career opportunities for those who are passionate about understanding the natural world and using that knowledge to make a difference. To help students interested in science, better understand their career options, an orientation class was conducted, covering various science career opportunities, various competitive examinations to get admission for M.Sc in National Institutes, Fellowships available for PG students etc.

Objectives:-

The classes were aimed to give an orientation to students about Science career opportunities, Higher education options available after UG, various competitive examinations to be attended to get admission in IITs for PG courses and various scholarships available for PG students and research scholars.

Programme Overview:-

Two classes were conducted, one offline class on 24-03-2023 and one online class on 01-05-2023. The classes were handled by Abhijna Krishna R. PMRF, NIT Trichy.

The orientation class covered a wide range of science career opportunities, including biology, chemistry, environmental science, geology, physics, medical doctor, dentist, veterinarian, biomedical engineer, computer scientist, data scientist, mathematician, science educator, and science writer/journalist. The class highlighted the importance of research and development in science and the potential impact of science on society. The Class was arranged mainly for science students. More than 33 Students participated in the online programme. The orientation class discussed the educational classes and training programs required for different science careers. The class also discussed the importance of mathematics and computer science courses for many science careers.

Programme Outcome

The orientation class provided a comprehensive overview of science career opportunities and the educational classes or training programs necessary for them. The class emphasized the importance of passion, dedication, and hard work in pursuing a career in science. Classes were also concentrated on how to prepare for competitive exams like JAM and also discussed about various Scholarships available for doing research. Students were encouraged to explore their interests, seek out opportunities for research and internships, and make informed decisions about their education and career paths. The class aimed to inspire and motivate students to pursue careers in science, and equip them with the knowledge and tools necessary to succeed in their chosen field.
