PREFACE

Chittur Government College NSS Units organized service activities for the year 2021-2023. Post-covid, colleges have opened and students are setting an example by upholding the ideals of social service and personal development. After various developmental programs and service activities, the students participated in the seven-day camp and showed their strength and camaraderie alike. Students fulfill their responsibilities as NSS volunteers through voluntary activities like palliative care and blood donation camp which inculcate social awareness apart from various types of cleaning activities.

Activity report for the year 2021-23 is also enclosed herewith.

Unit 39,
Secretary & programme officer

Unit 75,
Secretary & programme officer

2022

1/6/2022: The NSS students were grouped and assigned to clean different sections of the college, starting at 10:30 a.m. All section authorities provided full support, and the waste was sorted, collected, and disposed of. The work was completed by 12 noon, and all 88 volunteers returned.

18/06/2022: The NSS volunteers led the cleaning and arrangement of books in the library starting at 9:30 a.m. The work was done in different groups as instructed by the librarians. The number of arranged books was recorded, and food was served. There were 83 NSS volunteers who participated in the program.

23/06/2022: NSS and the College Library organized a Reading Quiz from 1 p.m. to 2 p.m. Many students participated in the three-round competition. The six students with the highest scores in the first round advanced to the second round, and three of them entered the final round. Krishnanjali, a third-year Malayalam student, won the competition. The event had 50 NSS volunteers.

25/06/2022: 68 NSS volunteers went to the hostel at 9:30 a.m. to move benches, chairs, and other furniture from the old hostel to the new one. The work was completed by 12:30 p.m., and the volunteers left for food.

04/08/2022: NSS volunteers led the scholarship award ceremony for economically disadvantaged students at 10 a.m. at Mahatma Gandhi Hall

4 under the GCC Alumni Association. The program was successful with 75 NSS volunteers participating, and ideas for change were discussed.

10/08/2022: At 9:30 a.m. on Wednesday, NSS volunteers created placards for the college's 75th year. Each group prepared five placards, and the work was completed by noon. The program had 60 NSS volunteers.

11/08/2022: A rally was held by NSS volunteers and teachers from different departments on Thursday at 10 a.m. as part of the college's 75th anniversary celebration. Each department had a different dress code, and cultural activities were held. Despite the rain, 65 NSS volunteers participated in the event.

12/08/2022: In connection with Independence Day, NSS volunteers painted a picture of Ayyankali, a Kerala freedom fighter, on the wall of the New Block building. There were 25 NSS volunteers who participated on Sunday.

14/08/2022: On the occasion of Independence Day, 55 NSS volunteers participated in the Azadi program, hoisted flags at their homes, and uploaded pictures to the Azadi app. They also received certificates from the central government.

15/08/2022: The Independence Day celebrations began at 9 a.m. with an NSS prayer, and the flag was hoisted by the college principal. Sweets were

5 distributed, and the students of the ladies' hostel cooked and served payasam. NSS volunteers took a picture under the flag and parted ways with applause. There were 54 NSS volunteers who participated.

20/08/2022: The NSS volunteers cleaned the chittur civil station and its surroundings offices like the Chittoor court, and the excise office.

Work started at 9:30 a.m. The work went smoothly and ended at 1 p.m. with a light meal served by officials at the civil station. There were 50 NSS volunteers who participated.

24/9/2022 was a significant day for every NSS volunteer because it marked the day when NSS was established. The volunteers observed NSS Day wearing the official uniform and participated in various events, such as hoisting the NSS flag and singing the NSS song. The day started with cleaning, inviting the principal to hoist the flag, and was successfully completed with the participation of 55 NSS volunteers.

On 28/9/2022, the NSS volunteers started preparing for a food festival at 8 AM. They sorted and arranged the food items brought from home, and cooked kappa and kanthari chammanthi in the canteen kitchen, guided by Suresh sir and Nishad teacher. Different stalls were arranged, and the dishes were sold out faster than expected. The event concluded with the participation of 51 NSS volunteers.

6 On 1/10/2022, work started at 9:30 AM, and the volunteers collected plastics from the college grounds. They also cleared small shrubs and creepers that had spread to the building, while some volunteers numbered the newly brought benches and desks. The day's work was completed with a light meal, and the NSS volunteers left, waiting for the next task. 50 NSS volunteers participated in this program.

The NSS students from Chittoor organized a quiz competition on 6/10/2022, in which many students participated. The competition had 50 tough and interesting questions, and Hathimtwai, the second year student of the English department, secured 36 marks. The event ended with NSS clap. Registered participation of 55 NSS volunteers.

On 12/10/2022, the KSEB staff Association and NSS Unit jointly organized a Power Quiz competition in the college. Around 50 students participated, and two students were selected for the district level competition. The event ended with the participation of 49 NSS volunteers.

On 15/10/2022, the NSS volunteers cleaned the college front and grounds as part of the campus cleaning program. The program started with the NSS song in the courtyard, and after 2 hours of hard work, the weeds and debris were removed successfully. The program ended with NSS clap and the participation of 55 NSS volunteers.

On 19/10/2022, the NSS organized a program to collect plastic waste from the college premises as part of Harita Kerala Mission. The plastic waste was kept

7 aside to be handed over to the municipal authorities, and the program ended with the participation of 50 NSS volunteers.

On 22/10/2022, the NSS volunteers and volunteers of Nehru Yuva Kendra collected plastic waste within a 2 km radius of the college. The volunteers of Nehru Yuva Kendra promised to collect and dispose of the garbage, and the event ended with refreshments and the participation of 51 NSS volunteers.

On 19/11/2022, the NSS volunteers started their work at 9:30 AM by cleaning the college and its premises. After that, a fun treasure hunt and debate were conducted, and all NSS volunteers participated enthusiastically. The program ended with the participation of 53 NSS volunteers.

On 26/11/2022, the NSS volunteers attended a theatre workshop at the college. The session started with the NSS prayer and was followed by the Vigilance and Anti-Corruption Bureau's "Civil Death" play, which was entertaining and insightful. The program ended with NSS clap and the participation of 50 NSS volunteers.

2023

10/01/2023 : Blood Donation Camp A blood donation camp was organized on 10/01/2023 at chitur College in collaboration with NSS & Red Ribbon clubs of the college and Palakkad Government Hospital. The blood donation camp organized in the college auditorium started at 10 am and the program was inaugurated by Principal Dr. Anuradha. More than 80 students, teachers and other staff came forward to donate blood. All the participants in the camp cooperated very well and became a role model and inspiration to others. The camp ended at 1 30 pm by thanking all those who participated in the program. 48 NSS Volunteers Participated in the event.

4/2/2023: All NSS volunteers reached Vanajam at exactly 9.30 am, recorded attendance and worked for the day. It was cleaning as usual. After work, all the volunteers went to the chemistry gallery and participated in the selection first year office bearers. After that the under secretaries of various departments were selected. After that NSS diary was distributed to all the volunteers. The volunteers left the college after lunch. 54 NSS volunteers participated in this event.

24/02/2023: Volunteers reached Vanajam at 9:30, and after singing the NSS song, a short discussion was held about the future work of the NSS. After that a place was found to be NSS's and it was named NSS corner where everyone cleaned it together. Finally they took a photo and parted with the joy of completing the work of NSS for the day. 55 NSS volunteers participated in this event

4	<p>May 12- 2021</p> <p>A talk on covid-19 was conducted on International Nurses Day by Radhuka.R (Junior public health nurse, PHC Marutha road).The program started on 11:30 AM. Even though the webinar was only for half an hour we could solve many doubts regarding the second wave of covid-19 and vaccination. Some of the volunteers also asked questions regarding other diseases and Radhika ma'am solved many of the doubts in</p>	26 volunteers	Half an hour(30 minutes)		<p>The role of health workers in this pandemic situation. We also became aware of the bad ways by which they are still treated in the society. The experiences shared by Radhika ma'am made us involve actively in this work of rewrapping our health system. She could induce many knowledge in such a short time.</p>
5	<p>May 22-2021</p> <p>A webinar on"Let's be the part of Solution not Pollution" was conducted in the International Day for Biodiversity. The session was conducted by Sreelatha teacher, CFD HSS Mathur.</p>	25 volunteers	One and half hours(1:30 hours)		<p>The webinar helped us to know the importance of sustainable development and how to protect our natural resources for the coming generations. We also understood that a small initial step taken us can deliver great results in the future.</p>

Government College Chittur NSS Unit 39&75

UNARVU SAPTA DINAM NSS CAMP

Day 1

24.12. 2021 Friday.

The first day of our seven days camp was the day started on 24/12/2021, Friday. Every volunteer reached before 12 noon and started the registration.

Inauguration started 2pm. Program officer, Mr. Suresh sir, welcomed everyone. The meeting was chaired by our previous principal DR. Suvarnakumar sir. The program was inaugurated by the vice chairman, Chitter-Thathamangalam Municipality Shri Shivakumar.

After the inauguration, teachers and students started the collection of firewood's for the camp purpose.

Then from 4 pm, entertainment games as a part of "Manjurukal" session was conducted so as to energize the camp and also to understand each other. Though such programs, everybody got an opportunity to bring out their inborn talents. We had a good interactive session with everyone, which helped us a lot when we were divided into groups. Each group was named as Our program coordinators gave us a whole sum views of how a camp should be, what our motto is, how to manage time effectively and so on. After that mobile phones of all the volunteers were collected. Even though it was a tough decision for all of us, we gave our phone and that helped us a lot in the coming days to mingle and know each one closely

After that, we had our dinner by 8pm, and we ended the first day of the camp. Each group started their representative works the day itself.

Day 2

26.12.2021 Saturday.

Second day began at around 6am. The second day session started with yoga at 6am -6.30am. After yoga, assembly was held. In the assembly, we released the prepared newspaper. We had our breakfast at 7.30 am and after breakfast; we actively started to clean the entire campus area. All plastic covers, bottles, broken pipes, fallen leaves, branches all are collected and cleaned and the waste is collected was shifted to the waste collection unit under Thathamangalam Municipality. At 1.30pm, we had sumptuous meals. After meals, we continued the cleaning mission till, 4p.m., tea break.

We also got a session with the Doctor Superintendent of Chittur Taluk hospital Dr. Shindhu.K.V. In the topic, HEALTH & HYGINE. The session was held from 5pm to 7.30pm. After the session, we had our dinner. We also did some competition programs, music and dance programs and winded up the day's programs by 11.30pm.

Day 3

27.12.2021 Sunday

The third day started at 6am with Yoga class by Shri. SumithSwaminathan.

In assembly session, the group in charge prepared a new paper about the evaluation of yesterday's program and read the same in front of the students gathered for the day's assembly.

Today's program details were discussed and finalized and we took a break for breakfast at 7.30am.

After breakfast, by 8.30am, all the volunteer's gathered and we made 5 groups.

The leader of each group, gave his team members, 5 places to clean.

The cleaning work included, the collection of plastic wastes and cutting small shrubs that are not useful.

The cleaning work took around 3 hrs and ended by 11.30am.

After the work, the volunteer's attended a class on the subject, "Personal safety and community safety", led by the fire and safety officer from Chittur fire station.

The officer gave good class about the precaution and first aids to be given in a fire accident.

He also gave important guidelines regarding how to use fire extinguisher in a critical situation.

The class ended by 2.30pm and we had our lunch.

After lunch we got involved in the preparation of afternoon "Orma Kalari" program, started at 2.30pm. Sajith master, popularly known as "Cherumakan" was welcomed by us. Master also welcomed us warm heartedly into his world of the art of acting.

Every volunteer was equally touched by the lessons taught by master and the depth of theatre arts, opened a new door for all of us.

Around 8.30pm, the dinner was served. Then we conducted cultural programs. The Godavari team has put together, the cultural program for everyone to enjoy. In the game, each volunteer got one task each. The task was selected by taking a lote from the team leaders. The team volunteers have to complete the task. The tasks we enjoyed together with fun and it also helped us to overcome individual fears.

It was altogether, work, fun and knowledge, throughout the camp week.

Day-4

28.12.2022 Monday

On the 4th day, the students woke up at 5.00am and got ready for the yoga session that started from 6.00am till 6.30am. The yoga session was led by Shri. Sumith.

Then all the volunteers and program officers (Suresh sir and Sandeep sir) gathered together at 6.30am to conduct assembly and for newspaper reading. We had our breakfast between 7.30 - 8.30.

After breakfast, we turned into two groups and got engaged in cleaning library and rearranging the books. Books are categorized according to the subject and language. This activity lasted till 12.30pm. After some break, we had our lunch by 1.00pm.

The program conducted by Denuveyil sir on behalf of women cell started by 3p.m. In the session, students were divided into different teams and different tasks like advertisement creation etc was given and debates based on prominent issues was also there. The session ended with the activity about life skills and emotions. The session ended by 5.30pm.

After a short refreshment, the documentary show started by 6pm. The program was hosted on Mahatma Gandhi hall. Shri.Radhalakshmi(retired nurse of Govt. hospital, Palakkad) was invited as resource person. The 20-minute documentary was on the subject “Mental and physical health and well-being”. The resource person gave us an introduction and importance of health care and reasons for health issues and also how to overcome it.

The cultural activities started around 7pm.Different activities and games were played. The program ended by 8pm.

After cultural program, there was a demonstration by team Ekalavya Kalari of famous Kalari gurukkalo, Sumesh Subramanian. Around 15 students of kalari, performed” payattu “both with and without weapons and showed their skills and flexibility. Session ended by 8.30pm and we had our dinner

Day-5

29.12.2021 Tuesday

Today, the camp started up on 6am with yoga. Later, assembly was conducted and newspaper of yesterday was published. From 7.30-10.30, bird catching was conducted under the guidance of

ShriPremdas, famous researcher and bird catcher by organizing into various groups in several parts of college. After breakfast a class was conducted based on the topic Health Hygiene by Dr. Sindhu K.V. (Superintend, Govt. Hospital, CHITTUR) which was really helpful for volunteers.

Following lunch from 12.30-1.30pm, students organized themselves into groups and cleaned the campus by collecting plastic wastes.

Later, a class was conducted on the topic TOMMOROWS YOUTH- HOPE AND EXPECTATION by Shri. Brahmanayakam which really was an interactive session with students as it organized volunteers into various groups and performing several activity oriented sessions.

A magic show was organized after dinner at 8.30pm. Followed by that, the volunteers and program officers gathered up for camp evaluation and cultural programs. Each of the 5 groups evaluated their daily activity and their work report was submitted.

Altogether, the 5th day camp was spent well.

Day-6

30.12.2022 Tuesday

On the sixth day, our group woke up at 5.30am. As 21st June is celebrated as world yoga day, we had a special session on yoga till 6.30am. Assembly and press release was conducted between 6.30 -7.30am.

We had our breakfast from 7.30-8.30am.

Moving with the spirit of Swatch Bharath, we started our campus cleaning activity from 8.30-12.30.

After lunch from 1.30 pm, we went for traffic awareness class, till 4pm. We learned about traffic rules, accidents caused by negligent driving and we students got a lot of information about traffic rules and road safety. After the program we conducted various sports activities, till dinner. We wended up the days program after collecting the feedbacks of all participants about the camp.

Day-7

31.12.2022, Friday

This was our final day in the seven days camp. All the volunteers were busy with the final works to organize the final day meeting, magazine publishing, and felicitation ceremony. Our honourable principal, Suvarna Kumar sir was our chief guest. Both of our program officers shared their remarks on the seven days camp. Many volunteers shared their experience, their views regarding the camp, future activities and many. We had our last moments in our camp. Many special moments were shared between volunteers and everyone in the camp. It was such a novel experience for everyone. After having our lunch together and sharing some tearful moments, we departed.

CERTIFICATE OF RECOMMENDATION

Dr. Sreelekha Panicker
Principal
Government College Chittur
Palakkad – 678104

.....

“Success comes to those who work hard and stays with those, who don’t rest on the laurels of the past.”

It gives me immense pleasure to bring out the Annual Report of the National Service Scheme (NSS) Unit no. 75 of Government College Chittur, Palakkad. This report is the compilation of the various activities undertaken by NSS unit for the past three years from 2016-2017 to 2018-19 with its vision of personality development through social service among student community.

The extension services of the NSS unit 75, under the leadership of the Programme officer Mr. Pradeesh.K, are commendable which includes ;Jalaayanam – Save water for a better tomorrow’ through which he completed cleaning of more than 20 public ponds, ‘Palakkad Palmyra Mission’ through which morethan 10000 palm seed were planted and more than 3000 of the same has grown this year, The ideal environment awareness programme ‘Maram Oru Varam – adoption of saplings for year which continuing its third year, two house constructions at the adopted village through Abhayam –Home for Homeless, NIRBHAYA – 24 Days of women’s Self Defense Workshop, one month Cleaning and Sanitation Campaign USE- ME, Punarjeevanam – the campaign to reclaim the importance of traditional food culture, successful anti-narcotic campaign Drug-Free Chitur, a Kerala model green protocol activities inside the campus and to the community, ‘Rise’-the comprehensive tribal development programme, Palliative care services, mid-day meal shared with the old people of an adopted village, organising medical camps in the locality, cholera eradication support programs in the nearby village Pattanchery, financial assistance offered to the helpless women from Jharkhand who were

in Mahila Mandir etc to mention a few. Since the college believes in a single motto 'Green Earth, Safe Earth', NSS has initiated to plant 1000 saplings in the locality in the current year and helps the college to adhere the green protocol in the campus.

He has modeled many innovative initiatives and acting as District Coordinator of Palakkad. And the activities of NSS of the college gave Kerala State Bio-Diversity Award-2016 to the college.

NSS cultivates the culture of altruism by regularly donating blood to the needy. Volunteers visit the tribal areas of Nellyampathy, Kalliyampara, Karukumani, Attapdi and Chittur Tribal colony to interact with the vulnerable sections of these areas as part of community development programmes. NSS units have organized more than 8 free Ayurveda Medical Camps at the college for the public to establish a good relationship of students with the local society.

In the light of the above facts, I believe that he stands a very good chance for the award of the best program officer and I do recommend her name for the same. Though unconditional social service looks for no fame and name, due to appreciation from the right authority in the right manner can keep the moral of the people like Mr. Pradeesh.K, unabated and the earth a far better place to live and love.

I wish him all the best for the future endeavours.

Chittur

JALAYANAM

Save Water for a Better Tomorrow

(Watershed Management and Water Conservation Scheme)

ജലായനം - നല്ലജലംനാളുകൊയ്
(തണ്ണീർത്തട - ജലസംരക്ഷണപദ്ധതി)

- Palakkad is a drought prone district in Kerala
- Rivers are polluted and the carrying capacity has reduced
- Palakkad river basins are rich in ponds and local water bodies
- The conservation of the traditional sources of water which could save the situation.
- Water availability in the basin can be improved by rejuvenating the ponds and keeping the rivers pollution free
- Units has had rejuvenated 20 ponds and 1 pond reconstruction projects till now.
- Revival process consists of removal of African weeds, water hyacinth, big grown grasses, African payal, water lettuce, water cress and plastics from the pond water.

- Revival of 19 ponds and 1 reconstruction, 2 well reconstructions, 1000 rain water harvesting pits at Eruthempathy Grama Panchayath, more than 10000 palm seed planting, organizing Water Conservation camps, Seminars and Film Exhibitions are the major programmes arranged under this scheme.
- River conservation activities : Continues involvement in cleaning activities about 2 kilometres area in chittur ‘Sokanasini’ river, about 1 kilometre of Sholayur river and about 1 kilometre at Gayathri river, Bamboo planting in the riversides, District level awareness programmes/camps.
- Why Pond revival activities?
 - Palakkad having the largest number of open ponds in the state.
 - Ponds are important hotspots for bio diversity
 - Collectively they support more species, and more scarce species, than any other freshwater habitat
 - A pond acts as well recharger for hundred of wells
 - Cleaning of waste weeds and ponds in the ponds will helps to preserve the eco-system of the pond.

PRESENTATION OF PAPER ON JALAYANAM – SAVE WATER FOR BETTER TOMORROW, AND PARTICPATION IN THE 3DAY NATIONAL WATER SUMMIT – (JALASANGAMAM) ORGANISED BY HARITHKERALA MISSION, GOVERNMENT OF KERALA

NSS unit government college chittur the one and only educational institution who got invitation to this summit from Kerala. The programme held at Tagore theatre Trivandrum on 29,30 and 31 and inaugurated by Chief Minister Pinarayi Vijayan. And the paper presented in the presence of Water Department Minister K.Krishnankutty.

Reviving ponds set as agenda for water conservation

The NSS unit of the Government College, Chittur, devised a water conservation scheme 'Jalayanam' to save water for a better tomorrow

EXPRESS NEWS SERVICE @Palakkad

THE National Service Scheme (NSS) unit of the Government College, Chittur has proved the propaganda for the conservation of water does not remain confined to the social media alone.

The unit has shown that in times of acute drinking water scarcity and serious drought faced by the people and the farmers, it is the conservation of water and its judicious use which could help save the situation.

They have devised a water conservation scheme titled 'Jalayana-

um, save water for a better tomorrow". "This time we selected the Kettakkulam located in the sixth ward of Thekkethara in Thenkuzhary," said K Pradheesh, programme officer of the NSS unit of the college.

The pond is spread over a 2.5-acre area. Around 50 volunteers under Pradheesh worked for more than six hours to remove the weeds and wild growth in the pond. They were also assisted by environmentalist Shyam Kumar and the locals.

For the last three years, the pond had not been cleaned. It was filled with water hyacinth and

Salvinia molesta (a type of weed native to Africa) and was removed by the volunteers.

"It was part of the realisation that since rainfall has decreased over the years, it is the large number of ponds in Palakkad district which were vital for conserving water that made the NSS unit take

up the pond renovation and cleaning programme as part of 'Jalayanam programme', said environmentalist Shyam Kumar.

"We had told the locals to clean the pond more than ten years ago. But it did not work. So last week when Pradheesh got in touch with us, we took permission from the owner of the pond to get it cleaned," he added. The locals arranged for the refreshments for the volunteers.

The panchayat vice-president K Ravendran and ward member Leelavathi oversee the cleaning process which began at 10 am and extended to nearly 5 pm.

The NSS volunteers of the Government College, Chittur, cleaning the Kettakkulam in Thekkethara of Palakkad district

WELL REVIVAL ACTIVITIES UNDER JALAAAYANAM PROJECT

- Waste dumped well has cleaned and recovered by the volunteers.
- One work was a flood relief work
- One well constructed support agriculture work of volunteers
- The work was well appreciated by the public.

PALAKKAD PALMYRA MISSION

Regain the palm regain the tradition

In order to regain the traditional, cultural environmental and economical importance of the Palmyra palm tree, the symbolic tree of Palakkad, along NSS volunteers planted nearly 10000 (Ten thousand) palmyra plants in and around the district. Many of the plants were grown 4 feet high now the day and more than 5000 number of seeds were grown.

The values of palakkad Palmyra

- It will absorb more amount of carbon from the atmosphere than other plants
- The roots of the Palmyra have the capacity to absorb nearly 15000 litres of water thereby increase the ground water.
- Many of the employment including toddy tapping, jaggery, coir and mat making can rebuild through the conservation of Palmyra tree.

RECREATING | TOPOGRAPHY ■ Move to mitigate drought in district during summer

Palmyras set to return to Palakkad

NIDHIN T.R. | DC
PALAKKAD, JUNE 10

The Palmyra trees (Kerimbana), the symbol of rural Palakkad, are felled in large numbers and sold to brick kilns in Tamil Nadu as firewood for many years.

The NSS unit of Government Chittur College has embarked on a mission to regain the palms symbolising the region's topography.

■ Palmyra trees were found to help store 20,000 litres of groundwater during rains

They lay Palmyra seeds with a target of 2,000 palms in and around the college along with other places in the district reeling under drought condi-

tions in almost all the summer seasons.

A study conducted by Pondicherry University had found that a Palmyra helps store 10,000 to 20,000

litres of groundwater during rains due to the speciality of its trunk and deep roots.

"Farmers see them as obstacles on the ramps of paddy fields and farms," assistant professor K. Pradeesh, who is the NSS programme officer, said.

"The district witnessed rampant chopping of the palms and the trunk is sold to brick kiln agents in Tamil Nadu for just Rs 50 to 100 without knowing

the ecological value of the tree that bears palm fruit or ice apple."

The students had laid nearly 1,500 seeds on the bank of the Mahampuzha Canal from Manamkulam near Thenkurissi to Aanapparam last year. Out of them, 328 palms sprouted.

Getting motivated from this, during the World Environment Day last week, the NSS unit with...

DISTRICT ENTREPRENEURSHIP MEET

Punarjeevanam – a campaign to reclaim the importance of traditional food habits, traditional food products and support the healthy food habits among youth. This programme consists of campaigns for promoting traditional foods including awareness rallies conversion of unusable wastelands in to cultivation land, seminars to provide awareness the importance of traditional food products, campaign against unhealthy food habits especially fast food, seminars and workshops to promote agricultural; activities and other agriculture promotional programs.

The special features of the campaign

- The agriculture practice are focusing more in traditional food products
- The entire process from the beginning to the harvesting done by students themselves.
- The agriculture is purely chemical free
- paddy and vegetables are the main concentration of the agriculture
- 27 acres were taken on lease for the last two year on lease for agriculture.
- Majority of the activities are concentrated on adopted villages and inside the college campus.
- More than 1000 kitchen gardens at 3 adopted villages during the last three years

Eco-friendly use of flex boards for kitchen farming in the Nanniyode, Pattanchery (Adopted Village)

An 'eco-friendly' use of flex boards

A SATISH @Pattanchery
 POST the World Cup frenzy, the flex materials put up by football fans had found a new use - to fix the leaky and damaged roofs of the houses of financially-distressed families and individuals.
 It seems that in not all. The National Service Scheme (NSS) unit of the Christ Church Government College is now using the materials, which are an eco-friendly way - by making reusable grow bags out of them. In this way, the unit has contributed to the creation of more than 100 kitchen gardens in their adopted village of Nanniyode in Pattanchery panchayat.

Students of Christ Church Government College making grow bags from flex materials.

plan to charge a nominal ₹20 for each grow bag, mud and saplings, so that students also earn an income. We also plan to set up a tailoring unit to make cloth bags," said NSS district coordinator K Pradeesh. Not just football flex materials, but even those put up by political parties and commercial establishments are being used to prepare the grow bags.
 "When the NSS unit pitched the idea, we were enthusiastic about associating with it as it will help in plastic waste management," said M Sothumadharan, coordinator of the Pattanchery panchayath samithi.

Chittur Government College gets Kerala Biodiversity award

EXPRESS NEWS SERVICE @ Palakkad

THE Government College, Chittur, received the Kerala Biodiversity Award from Chief Minister Pinarayi Vijayan on a function in Thiruvananthapuram the other day. College principal M P Sethumadhavan and National Service Scheme programme officers K Prabhesh and C Jeemithil received the award together.

Prabhesh said the students of the college had cleaned five ponds last year and water from the ponds was being used by the people.

"Since 2016 was declared the 'Year of pulses', two students in Chittur successfully took up pulses cultivation. The students also distributed saplings among close to 200 houses in two villages in the locality & total of 600 saplings were distributed in a month," said Prabhesh. "Bamboo saplings were also planted on the banks of the Chitturpuzha. Sapling plantation is being planned in a big way once monsoon sets in," he said.

PALLIATIVE CARE ACTIVITIES

ACHIEVEMENTS

- For the last 5 years, our volunteers are the only and active palliative care volunteers
- Regular and committed support to palliative wing of the chittur Taluk hospital
- House visits, treatment support etc are some of the activities
- Palliative care activities were organized in the campus regular intervals

PALLIATIVE DONATION

The NSS volunteers of Government college Chittur conducted a fund raising programme in order to raise fund for a palliative patient, SATHYA NARAYANAN. The volunteers collected news papers from all students and sold them to raise the fund. The volunteers brought newspapers from home for the campaign. The volunteers raised an amount of 7500 rupees for the treatment of the Palliative patient, Sathya Narayanan.

NSS FOOD FEST FOR PALLIATIVE PATIENTS

The NSS volunteers of Government college Chittur conducted a food festival in the college. The volunteers sold food among the students and teachers in the college. The volunteers raised about 10000 rupees from the fest and handed over it to the Palliative care unit of the Taluk hospital, Chittur.

PALLIATIVE CARE TRAINING

In order to improve the participation of volunteers in the Palliative care unit, the NSS units conducted a Palliative training programme for the volunteers. The programme was conducted in association with the Taluk hospital, Thathamangalam. The class was led by Dr.Radhakrishnan, Superintendent in the Taluk Hospital, Thathamangalam.

TREATMENT FUND COLLECTION FOR KIDNEY PATIENT

The NSS volunteers of government college Chittur conducted a campaign for raising fund for a kidney patient, MUHAMMED RISHAD. The volunteers collected newspapers, magazines and assignments from the college and students. The volunteers sold the papers and raised an amount of ₹6000 rupees and handed over to Muhammed Rishad, for his treatment purposes.

BHOOMITHRASENA CLUB

(BMC – 187/PKD/10/12)

GOVERNMENT COLLEGE, CHITTUR, PALAKKAD

Activity Report

(1st April 2022 to 31st March 2023)

The activities of Bhoomithrasena Club in Chittur Govt. College campus were started in the March of 2013. Students, teaching and non- teaching staff are actively participating in all the activities organized by Bhoomithrasena Club. We have organized activities for the conservation of environment and awareness creation on nature and natural resource utilization. At present more than hundred students are enrolled as the members of Bhoomithrasena Club. In our college. Sri. **Suresh Kumar KA**, HoD and Asst. Professor, Dept. of Botany is the Faculty in Charge (FIC) of Bhoo Mithrasena Club. Kum. **Ashimna Shamsudheen** (III Year B.Sc. Botany) is in charge of student co- coordinator.

WORLD ENVIRONMENT DAY CELEBRATION – (7th June 2021)

In this occasion, on 6th June 2019, BMC members sowed seeds of various indigenous fruit yielding trees in the college campus. In connection with this a talk by was also organized on the same day and it was done by **Dr. BINUMOL M**, Asst. Professor, Department of Botany, S N College, Alathur on the topic *“Conserve the Nature for Future”*.

WORLD OZONE DAY CELEBRATION (16th September 2021)

“OZONE- Myth and Reality” - Short film show on ozone layer was organized to create awareness on necessity of ozone layer in protecting the living system in the earth. **Dr. DAMODARAN P N**, HoD, Solid Waste Management, IRTC, Mundur delivered a talk on *“Role of Solid Waste Management in Protection of Ozone Layer”*.

WORLD SOIL DAY (5th December 2022)

Sri. SURESH S ONURPALLAM, Regional Advisory Board Member, NABARD and Director, Palakkad Sammisra Krshaka Producer Company has conducted a class on Organic Farming and delivered talk on “*Holistic Approach of Organic Farming*” and shared his field level experience on organic farming and soil conservation.

TRAINING ON MUSHROOM CULTIVATION & ZERO WASTE MANAGEMENT (11th January 2023)

Edible variety of mushroom namely Oyster mushroom (*Pleurotus sajor-caju*) were cultivated by utilizing the various types of agro wastes collected from different areas of Chittur Thathamangalam Municipality. The agro wastes utilized for preparation of beds for mushroom cultivation includes wastes from paddy, banana, etc. The waste from mushroom cultivation was used for the production of compost. **SURESH KUMAR KA**, HoD, Dept. of Botany, Govt. College Chittur and **S GURUVAYURAPPAN** have taken classes in the training programme. 30 Students participated in the training programme. This programme held on 11th January 2023.

WORLD WETLAND DAY CELEBRATION (2nd February 2023)

Dr. SURESH V, Asst. Professor, Dept. of Botany, Govt. Victoria College Palakkad has taken a class on “**Wetland the Wonderland**” and explored the biodiversity of Sokanasinini River.

ORGANIC FARMING

Vegetable garden is maintaining for the production of organic vegetable and providing training on organic farming.

ENVIRONMENT CLUB

An environment club in a college is an organization dedicated to promoting environmental awareness, sustainability, and responsible environmental behavior among the college community. The primary goal of an environment club is to educate students and faculty about environmental issues and to encourage them to take action to protect the environment. An environment club can educate students about the importance of environmental sustainability, and the impacts of human activities on the environment. The club can create awareness campaigns that focus on reducing pollution, conserving resources, and preserving biodiversity. An environment club in colleges can play a vital role in promoting environmental sustainability, fostering civic engagement, and building a community of environmentally conscious individuals.

Programmes organized by Environment club of Government College Chittur during the year 2022-2023

1. National forest week observation- planting bamboo saplings
2. Ozone day observation- Colouring competition
3. Champions of Earth- Pick and Plop Down Plastic Pens
4. Participation of students in national conference “Youth with Scientists” organized by SAPACC
5. URJJA KIRAN 2022-Energy conservation awareness programme- Rally
6. URJJA KIRAN 2022-Energy conservation awareness programme- Signature Campaign
7. URJJA KIRAN 2022-Energy conservation awareness programme- Short Video Making Competition
8. URJJA KIRAN 2022-Energy conservation awareness programme- Seminar

ACTIVITY 1: National Forest week (Van Mahotsav) observation (5/7/2022)

Vana Mahotsav is an annual tree planting festival that is celebrated in India during the first week of July. It was first started in 1950 by the then Union Minister for Agriculture, K. M. Munshi, to create awareness about the importance of trees and forests. The festival is now celebrated across India, with people from all walks of life coming together to plant trees. The importance of Vanamahotsav and planting bamboo samplings cannot be overstated. Trees and forests play a crucial role in maintaining the ecological balance of the planet.

As a part of Vana Mahotsav, Environment Club and Green protocol committee of Government college Chittur planted more than 25 bamboo samplings across the banks of Shokanashini, river flows through the campus, on 05/07/2022. Ms. Jayanthi C of History department coordinated the programme and Sri. Suresh Kumar A of Botany department took an awareness class on types of bamboo trees and its importance. Teachers and students of various departments have actively participated in the programme. Planting bamboo samplings as part of Vanamahotsav can help to combat deforestation and desertification, which are major environmental problems in many parts of the world. By planting more trees and bamboo, we can also improve the quality of life for people in the surrounding areas by providing them with cleaner air, water, and a source of livelihood.

ACTIVITY 2: OZONE DAY OBSERVATION ON 15/9/2022

Every year, 16th September is observed as the International Day for the Preservation of the Ozone layer (World Ozone Day) to commemorate the signing of the Montreal Protocol.

The theme of World Ozone Day 2022 is “Montreal Protocol@35: global cooperation protecting life on earth”.

Ozone Day observance provides an opportunity to raise awareness among college students about the importance of ozone layer protection and the harmful effects of ozone depletion. Observing Ozone Day in colleges promotes the idea of environmental responsibility among students. It encourages them to take proactive measures to protect the environment and create a sustainable future. Overall, observing Ozone Day in colleges can contribute to creating a more informed and environmentally conscious student body, which can have a positive impact on the future of the planet. Keeping this in our mind Environment club has organized a coloring competition for College students on the topic “Ozone for Life”. Dr. Anuradha V. K. officially inaugurated the function and Dr. Ambili K. U. took an awareness session on ozone and its importance. First and second prize winners were awarded with cash prize.

**Environment Club

ACTIVITY 3: CHAMPIONS OF EARTH -Pick & Plop Down Plastic Pens (31/10/2022)

Plastic pen pollution is a growing environmental concern that has far-reaching consequences. Every year, billions of plastic pens are produced and disposed of worldwide, contributing to the already massive problem of plastic waste. This waste poses significant environmental and health hazards, and it is crucial to take measures to address this issue. plastic pen pollution is a significant environmental concern that requires immediate action. Reducing our use of disposable plastic pens, encouraging sustainable alternatives, and advocating for policies to limit plastic production and disposal can help mitigate the harmful effects of plastic waste.

Environment club and Green Protocol Committee of Govt. College Chittur has taken a step to address this issue and tried to make an awareness among the students of this college by organizing an inter departmental competition titled “Pick and plop down plastic pens”. Students of each department were asked to collect maximum unused plastic pens from campus premises and deposit into a separate box set up for each department. The department who collected maximum plastic pens were announced as Champions of earth and Physics department won the title by collecting more than 600 plastic pens from campus premises.

**ACTIVITY 5: URJA KIRAN 2022 -Energy conservation awareness programme-
Rally (17/12/2022)**

The Energy Management Centre – Kerala (EMC), is the “State Designated Agency” to coordinate, regulate and enforce the provision of the EC Act 2001 in the state of Kerala with the concurrence of BEE, Ministry of Power, Govt. of India and for implementing various schemes under the Act EMC initiated URJA KIRAN, Energy Conservation Awareness Campaign in 2015. Centre for Environment and Development is the Resource Agency (RA) for coordinating the activities of URJA KIRAN – Energy Conservation Awareness Campaign (ECAC) in Kerala. The objective of URJA KIRAN is to create awareness among the general public and equip them for efficient management of all forms of energy, to promote energy efficiency and energy conservation and to develop new sources of energy as well as novel energy technologies with a view to increasing the production and facilitating the use of energy on a sustainable basis.

Environment club, Government College Chittur taken up initiation to organize various energy conservation activities "Urjja kiran 2022" in Chittur Legislative assembly. The first programme organized was an energy conservation rally which was jointly organized by environment club and NSS units of Government college Chittur on 17/12/2022. Smt. Kavitha K. L. Chairperson, Chittur-Tattamangalam flag off the rally. The Rally started from Chittur- Tattamangalam municipality and ended at Govt. Boys Higher Secondary School Chittur. More than 70 people were participated in the rally and pamphlets were distributed to general public.

Chittoor Government College Platinum Jubilee Celebrations – House construction initiatives

The Platinum Jubilee (75th Anniversary) of Chittoor Government College was celebrated in a grand manner with a series of events till the month of August 2022. As part of the Platinum Jubilee celebrations, the social responsibility of building houses for the homeless students of the college was undertaken by the students, teachers, alumni and volunteers of the college. The students who applied for the said housing scheme were included in the priority list

- 1) Darshini. M D/o Praveena Devi Devankapuram, Chittoor
- 2) Sophia. K D/o Bhargavi Thampatti House, Attapallam, Walayar
- 3) Aishwarya. S D/o Suguna Chemnamthode, Meenkara
- 4) Vinita. M D/o Murugan Panangattiri, Elavanchery
- 5) Shahnaz. S D/o Shant Muhammad Pittupeethika, Ethanur, Koduvayur
- 6) Ramsena. M D/o Muhammad Kakkathodu, Para, Elappully
- 7) Anjalikrishna. K D/o Vattaira, Uttara, Kollangode

As part of the Platinum Jubilee celebrations, it was decided to provide houses to the homeless students of the college. A specially prepared application was distributed to the children. A total of 14 applications were received from various departments with the recommendation of teachers. Pratish Kunchu, members of the Housing Committee, Dr. Murugan, Dr. Nisha Mol Mr. Ramabhadran, Dr. Manu Chakraborty and interviewed the children. The purpose of the interview was to inquire directly about the conditions at home of each one. The committee members then visited the homes of the students who had submitted their applications and saw the situation first hand. People who own at least 5 cents of land were selected for the housing project. The place should be in the name of the student or their parents. A priority list was prepared of the applications received using various criteria such as students whose parents have died, students whose parents are bed-ridden, and girls-only families. People who are unlikely to get a house in the government's life scheme have been selected for this. Students having healthy parents engaged in various occupations, students having more than 8 cents of land, families with only sons are not considered for the above application. The committee recommended 7 deserving students. The teachers and other employees of the college set aside a portion of their salary for this purpose. All the students of the college contributed whatever amount they could towards it. In addition, the students were able to raise funds for the construction of houses through voluntary organizations, charitable trusts, businessmen from various sectors and the CSR fund of the Kerala State Beverages Corporation. 430 square feet houses are being built. A maximum of Rs 6 lakh has been earmarked for a house. The families who were prepared earlier by the Foundation for the construction of houses required a maximum of Rs 4.5 lakh to complete the houses. 5 houses were completely completed and two houses were partially completed. Handing over of keys to all houses is expected in June 2023. The Platinum Jubilee Committee members came up with the idea of finding a deserving person and providing them with a house every year.

THE DEPARTMENT OF ZOOLOGY, GOVT.COLLEGE, CHITTUR

TWO DAYS EXHIBITION PROGRAMME

The Department of Zoology conducted a two-day exhibition program in connection with the Platinum Jubilee Celebrations of the college. The exhibition was held on January 31st and February 1st, 2023. The event showcased rare and unique animals, human anatomical and embryological specimens that were preserved in the department museum. The event also conducted activities, such as blood group determination, blood pressure testing, blood oxygen saturation level measurement, colour blindness testing, and the calculation of body mass index (BMI). The event drew a crowd of more than 500 participants from various backgrounds, including students, teachers, professionals, non-specialists, and members of the general public. The exhibition program was a true collaborative effort involving all the students, teaching and non-teaching staff from the Zoology department.

GREEN PROTOCOL COMMITTEE

Vision

Green and Clean Campus

Mission

Integrate a philosophy of sustainable development into the institution's activities and establish and promote sound environmental practice.

The College firmly believes that our young minds get inspiration not only from inside the classroom but from outside as well and for that we are relentlessly working to provide a neat, plastic-free green campus. Our green protocol committee aims for a zero-wastage campus and urges the students and all members of the College to actively take part in achieving the same. Our Green Protocol Committee consists of student representatives and teachers from every department who put in tremendous effort in making the campus absolutely plastic free.

Objectives

- ❖ The primary objective of the Green Protocol Committee is to create a sense of responsibility in every student and faculty regarding cleaning the campus and its surroundings and their role in protecting the planet.
- ❖ Green Protocol Committee aims to prevent the use of disposables and promotion of reusable alternatives like steel/glass/porcelain cutleries.

- ❖ Green Protocol Committee has a strong focus on association with the government agencies like Suchithwa Mission, municipality and other agencies of the Government of Kerala and actively takes part in promoting their campaigns.

Green Protocol Committee Members

Green Protocol Committee has been constituted in our college for preserving the greenery and maintaining cleanliness in the campus with the following members.

Green Protocol Nodal Officer

Pradeesh K

Assistant Professor of Commerce

Members

1. Dr. Arathy Ashok - Assistant Professor of English
2. Jain Thomas - Assistant Professor of Zoology
3. Jayanthi C. - Assistant Professor of History
4. Dr. Kavitha - Assistant Professor of Economics
5. Dr. Nisha - Assistant Professor of Electronics
6. Dr. Nishad - Assistant Professor of Chemistry
7. Ramabadrans C. D. - Assistant Professor of Physics
8. Dr. Rathi R. - Assistant Professor of tamil
9. Dr. Savithri - Assistant Professor of Music
10. Dr. Sreevalsan - Associate Professor of Malayalam
11. Dr. Subashree V - Assistant Professor of Philosophy
12. Dr. Prasad - Assistant Professor of Geography
13. Dr. Shilpa M - Assistant Professor of Mathematics
14. Dr. Shanthimol M. C. - Assistant Professor of Commerce
15. Adharsh – Office Clerk

Green Initiatives

Plastic free-Green campus

- The campus has been declared plastic-free.
- The use of plastic is strictly restricted in the campus.
- Students are advised to bring their lunch in steel boxes, which avoid accumulation of plastic carry bags in the campus.
- Separate waste baskets are used for bio-degradable and non-biodegradable materials.
- Reusable cups and plates are promoted inside the campus to reduce plastic usage.
- The non-biodegradable wastes are giving to Haritha karma sena of Chittur - Thathamangalam Municipality.
- Paperless Office Communication among the teachers and office are through WhatsApp groups and e mails.
- Electronic forms are promoted to reduce the paper usage.
- Electronic display is placed in front of the principal office to display major activities of the colleges; it helps to minimize the use of flex boards.
- We have a public addressed system; most of the announcements are happened through this system.
- Students are asked to submit their copies of assignments in soft copy format.
- A good number of students rely on public transportation to reach campus. Only a small percentage of students use motor bikes for transportation.
- The whole pedestrian ways are interlocked for better water holding capacity, in an ecofriendly manner
- The roads are beautified with trees on both sides.

Waste management

- Dry –day observations has been conducting in first working day of every month
- E-waste management as per the directions of the Directorate of collegiate education department has been the part of the waste management practices of the committee
- Separate bins for different types of wastes are placed throughout the campus at important vantage points for proper collection and segregation of wastes.

- Vermicompost units are established in the campus for disposal of biodegradable wastes generated through garden trimming and vegetable wastes from the canteen and hostel mess.
- Biogas plants have been installed in the campus to convert the food waste generated into biogas.
- The college has taken initiatives to implement segregation of solid waste and hand over plastic waste for recycling and safe disposal instead of the unhealthy practice of burning it or dumping it in public places or water bodies.
- College has given special awareness programmes to laboratory safety measures and disposal of chemical waste in proper scientific way.
- College has installed incineration unit in the campus for hygiene and proper sanitation.
- The institution follows 'Green Protocol' while conducting seminars and other events .Students and faculty are encouraged to use steel glasses.
- The use of single use plastic is strictly banned within the campus. The college follows green protocol for all its official and public meetings seminars and conferences.
- College has established a plastic free zone around the campus
- Liquid waste management College encouraged the reuse of liquid solvents derived from laboratory and successfully implemented in the research as well as other laboratories.

Green landscaping

- The Green Protocol Committee is maintaining college garden which has a biodiversity rich botanical garden, with rare plant species.
- The garden act as an ecosystem for different birds and animals. Instead of that we have well maintained garden with beautiful leafy plants and flowering plants.
- Different varieties of trees have been planted in the campus and their names are displayed.
- Drip irrigation has promoted to reduce water usage.
- The trees in the campus are identified with their botanical names.
