INVITATION

the post graduate Dept. of Economics, Govt. College Chittur, Palakkad is very happy to invite you to the 10th day National Seminar to be held on 22nd and 23rd of November 2018. The theme of the seminar "Implications of Environmental Economics on Restructuring Kerala" We solicit your active participation to make it a great success.

Prof. Anand Viswanath R

(Principal)

Brejesh. N. S
Coordinator

Dr. K. Baby
HOD Economics

Profile of the College Govt. College Chittur, since its inception in 1947 has been imparting great knowledge and contributing immensely to the academic, socio-economic scenario of Kerala. Dept. of Economics initiated in the year 1947 itself and M.A. Economics in the year 2012. The Dept. has been pursuing many academic and other activities to improve the quality of higher education.

THEME OF THE SEMINAR

In an era of rapid urbanization and asymmetrical development, there is always a concern about the ill effects of it. The recent Kerala Floods has highlighted what we need the most. A state which has high literacy along with exponential population growth failed to appreciate the needs of sustainable development. The devastating flood disaster in Kerala highlight what economic degradation, biodiversity loss, and growing inequality can do to an existing ecosystem. Frankly speaking, this isn't the case of only Kerala, but a common story for most Indian states where unplanned development has taken its toll. When disasters strike modern societies, man is at the centre and his decisions are crucial. Considering the importance of sustainability and sustainable development in the current disaster and environmental degradation of Kerala, there is a need for restructuring the Kerala Economy with Environmental Consciousness.

PARTICIPATION

The National Seminar offers a platform for academicians, faculties, research scholars and post graduate students to reflect on the multi-dimensional aspects of the topics from a theoretical and applicational perspective.

PROGRAMME SCHEDULE – Day I

SEMINAR REPORT
NATIONAL SEMINAR ON
“Implications Of Environmental Economics On Restructuring Of Kerala Economy”

On
22nd and 23rd of November 2018

The post graduate Dept. of Economics, Govt. College Chittur, Palakkad organised two day national Seminar on 22th and 23th ~~October~~ ^{Nov} 2018. The theme of the seminar “Implications Of Environmental Economics On Restructuring Of Kerala Economy” The two day seminar aimed to cover the wide aspects of environmental economics, and Kerala restructuring on the eve of recent flood. The Main aim of the seminar was to create a venue for active , highly interactive and informative sessions to discuss all related to matters like - Investment, Climate, Mitigation and Risk management, Environment, Conflict and Peace building, Security, Green, Industrial Policy and Technologies, Investment, Investment Law and Policy Reform: Gadgil and Kasthurirangan Report, Infrastructure, Sustainable, Sustainable, Sustainable Infrastructure, Voluntary Sustainability Standards, Water Sustainability and policy, Watersheds and the Bio economy, Re-structuring of Kerala economy etc.

Theme of the Seminar

In an era of rapid urbanization and asymmetrical development, there is always a concern about the ill effects of it. The recent Kerala Floods has highlighted what we needs the most. A state which has high literacy along with exponential population growth failed to appreciate the needs of sustainable development. The devastating flood disaster in Kerala highlight what economic degradation, biodiversity loss, and growing inequality can do to an existing ecosystem. Frankly speaking, this isn't the case of only Kerala, but a common story for most Indian states where unplanned development has taken its toll. When disasters strike modern societies, man is at the centre and his decisions are crucial. Considering the importance of sustainability and sustainable development in the current disaster and environmental degradation of Kerala, there is a need for restructuring the Kerala Economy with Environmental Consciousness.
